

## Discuss Conditions At Local Dairies

Actual conditions that existed at many of the dairies which supply Memphis with milk were discussed at length on Thursday by Dr. J. J. Durrett, superintendent of the city health department, when he addressed a meeting of women held at Community center. Slides and photographs depicting methods of handling the milk supply were explained and the women were told the plans of the health department in its campaign to raise the standard of the milk supplied to the people of Memphis.

The scoring method at present employed by the board of health has been indicated by the government and Dr. Durrett says that unless a dairy scores at least 70 per cent the milk is below the required standard.

The slides used to illustrate his talk were made from actual photographs taken on inspection trips to dairies throughout Shelby county by Dr. Durrett and C. L. Isley, director of sanitation of the health department.

## He May Be Hubby, Fiance, Or Friend

FAY BANTER.

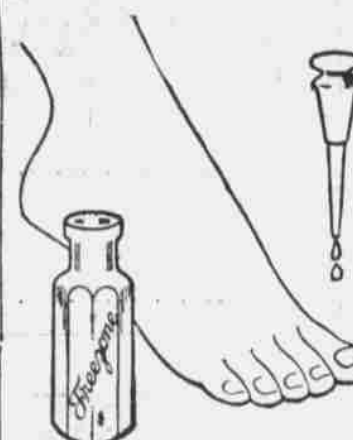

When Fay Bainter, the popular actress, returned from Europe a few days ago, Lieut.-Com. Venable, U.S.N., turned the U. S. destroyer Ingraham into an unofficial resort to her as the Olympic, on which the actress was a passenger, steamed up New York harbor. He further broke the rules by boarding the Olympic before it docked without the permission of the officer of the port. "They are married," said friends of the couple. "We are engaged," said Venable. "We are only good friends," said Miss Bainter.

## TURN HAIR DARK WITH SAGE TEA

If Mixed With Sulphur It Darkens So Naturally Nobody Can Tell.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage. Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients called "Weyth's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time, by morning the gray hair disappears, but what delights the ladies with Weyth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustrous and appearance of abundance which is so attractive.

## CONGRESSMAN WHEELER TO TAKE STUMP FOR COX
